

Curriculum Vitae

JAUHAR AYYUB FRONTEND DEVELOPER

jaurazmi42@gmail.com | [+91 9936786415](tel:+919936786415) | linkedin.com/in/jauhar-ayyub | github.com/jaurrrr

Total Experience: 2 Years

Summary:

- Having experience of building scalable Manufacturing Execution System (MES) web applications using Angular and TypeScript.
- Having experience of developing reusable UI components using PrimeNG.
- Having experience of integrating REST APIs and implementing token-based authentication.
- Having experience of working with Reactive Forms and RxJS/Observables for dynamic, validated form handling.
- Having experience of independently designing and developing full-scale web platforms (Hamza Travels, Fixly) from concept to deployment.
- Having good analytical and problem-solving skills.
- Followed Agile software development process.
- Having experience of using Git/GitHub for version control.

Educational Details

2024 Bachelor of Computer Application, Veer Bahadur Purvanchal University, Jaunpur, Uttar Pradesh

2019 Intermediate, Shibli National Inter College, Azamgarh, UP

2017 High School, R.N Public School, Jaigahan, Azamgarh, UP

Technology:

Programming Language: JavaScript, TypeScript

Web Based Languages: HTML5, CSS3, SCSS/Sass

Framework: Angular, Angular Material, PrimeNG, Bootstrap, Tailwind CSS, Lucide

Database: SQL, MySQL

Tools: Git, GitHub, VS Code, Postman, Chrome DevTools

Concepts: REST APIs, RxJS & Observables, State Management, Reactive Forms, Routing & Navigation, Responsive Design, Reusable Components, Agile, OOP

Work Experience:

Digital Transformation Factory (DTF)

June 2024 – Present

- **Project: Manufacturing Execution System (MES) - Web-Based Application**

June 2024 – Present

Description: A Manufacturing Execution System designed to manage quality processes for field operations, including checklist creation, sample execution, dynamic forms, and data reporting.

Role: Frontend Developer

Technologies: Angular, TypeScript, PrimeNG, REST API, SQL

Responsibility: Integration of REST APIs, writing reusable UI components, implementing Reactive Forms, optimizing SQL queries, and resolving production bugs in coordination with the backend team.

Projects:

- **Project: SnapLink - Multi-Platform Video Downloader**

2024

Description: A responsive web application enabling users to download videos across multiple platforms.

Role: Template Designer & Co-Developer (3-member team)

Technologies: Angular

Responsibility: Developed a responsive frontend, integrated APIs for video download functionality, and optimized UI/UX layout.

• **Project: Hamza Travels - Travel Documents, Ticketing & Packages Platform** 2025

Description: A solo end-to-end platform for all types of travel documents, ticket bookings, and travel packages, enabling users to get their work done online through partner shops instead of visiting in person.

Role: Solo Developer

Technologies: Angular, TypeScript, Lucide, HTML5, CSS3

Responsibility: Handled complete frontend architecture, UI/UX design, and workflow integration independently.

• **Project: Fixly - Local Services Marketplace** 2026

Description: A one-stop platform for booking everyday services — from small tasks to large jobs like AC repair, furniture work, car rentals, and home construction — connecting users directly with nearby service providers.

Role: Solo Developer

Technologies: Angular, TypeScript, HTML5, CSS3

Responsibility: Designed and developed the entire platform independently, including the service discovery and provider-listing flow.

Certifications:

- Artificial Intelligence Internship — NIELIT, Ministry of Electronics & IT, Government of India (Certificate No: NIELIT/GPK/339/7430)
- Selenium Testing — Naresh Technologies, Hyderabad (ISO 9001:2015 Certified) | June 2024 – August 2024
- AI Tools Workshop — be10x | November 2023

Additional Details:

Languages Known: English, Hindi, Urdu

Hobby and Interest: Learning New Technologies, Open Source Contribution, System Design, Gaming, Cooking

Declaration:

I hereby declare that the details mentioned above are true to the best of my knowledge.
